SUBJECT: LETTER REGARDING COMPLIANCE ISSUES IN 2017

Dear Mr. Alghawel,

On behalf of the International Commission for the Conservation of Atlantic Tunas (ICCAT), I am writing to inform you that, at the 25th Regular meeting of ICCAT (14-21 November 2017, Marrakesh, Morocco), the Commission expressed its concerns regarding deficiencies in Libya's fulfilment of ICCAT reporting requirements.

During the 2017 Compliance Committee meeting, Contracting Parties and Cooperating non-Contracting Parties, Entities or Fishing Entities (CPCs) were assessed for compliance with ICCAT conservation and management measures and reporting requirements. Based on the review of the Secretariat Report on Statistics and Coordination of Research and the 2017 Secretariat's Report to the Compliance Committee and other available information, the Committee noted the following deficiencies for Libya:

- Annual Report included "not applicable" responses without explanation of non-applicability. Libya is reminded that even if only bluefin tuna is targeted by its vessels, other ICCAT measures may apply to Libya fishing activities that interact with ICCAT species, as ICCAT measures generally are not limited to only directed fishing, rather they also apply in the case of non-target fish and other species. Note that ICCAT reporting requirements generally apply to all fisheries for ICCAT species, including in waters under national jurisdiction as well as the high seas, and including recreational, sport, and artisanal vessels, in addition to commercial fishing vessels.
- No information in annual report summary tables on implementation of shark, turtle, by-catch/discard measures.

Late or incomplete reporting causes difficulties for the Secretariat in preparing documents for the Commission and its Panels and Committees, and reduces the effectiveness of the Compliance Committee.

Please note that all the ICCAT Recommendations and Resolutions, as well as the information related to the reporting requirements, and the deadlines and formats for data submission can be downloaded from the ICCAT web site or are available on request from the ICCAT Secretariat.

ICCAT Recommendations and Resolutions are available here.

The list of SCRS reporting requirements are available here and the list of Commission reporting requirements are available here.

The Commission requests Libya to reply to this letter before **10 October 2018**, i.e. at least 30 days before the COC special session that shall be held in accordance with the *Resolution by ICCAT to facilitate an effective and efficient Compliance process* [Res. 16-22] prior to the ICCAT Commission 21st Special meeting (scheduled to be held from 12-19 November 2018 in Croatia). The response should indicate all the progress and plans made by Libya to address each of the issues raised in this letter. Libya's response will be reviewed by the Compliance Committee at its 2018 meeting to determine if Libya has taken sufficient and appropriate steps to address these issues.

If Libya has any questions about the issues raised in this letter or about ICCAT requirements, please do not hesitate to contact the Secretariat at info@iccat.int

In thanking you for your attention to these important matters, let me express to you the assurances of my highest consideration.

Derek Campbell
Compliance Committee Chair
