**SUBJECT: LETTER REGARDING COMPLIANCE ISSUES IN 2017**

Dear Mr. Franklin de Souza**,**

On behalf of the International Commission for the Conservation of Atlantic Tunas (ICCAT), I am writing to inform you that, at the 25th Regular meeting of ICCAT (14-21 November 2017, Marrakech, Morocco), the Commission expressed its concerns about significant deficiencies in Brazil's fulfilment of ICCAT requirements.

During the 2017 Compliance Committee meeting, Contracting Parties and Cooperating non-Contracting Parties, Entities or Fishing Entities (CPCs) were assessed for compliance with ICCAT conservation and management measures and reporting requirements. Based on the review of the Secretariat Report on Statistics and Coordination of Research and the 2017 Secretariat's Report to the Compliance Committee and other available information, the Committee noted the following deficiencies for Brazil:

- The Annual Report was not submitted,
- Task I and Task II data were not submitted,
- The Compliance tables were not submitted before the deadline (15 August 2017),
- No quarterly BET catches were submitted, as required under Rec. 15-01 and 16-01 (para. 5),
- No tropical tuna management plan submitted, in accordance with Rec. 16-01, para. 51
- The shark measures implementation check sheet, required under Rec. 16-13, was not submitted. Please take note that compliance with this reporting requirement and ICCAT shark measures will be specifically reviewed in 2018.
- The North swordfish management plan was not submitted (in accordance with par. 3 of Rec. 13-02).

The Commission accepted the derogation to Recommendation 11-15 requested by Brazil to provide the 2016 Task I data exceptionally by 31 March 2018.

The Commission requests Brazil to reply to this letter before **10 October 2018**, i.e. at least 30 days before the COC special session that shall be held in accordance with the "*Resolution by ICCAT to facilitate an effective and efficient Compliance process*" [Res. 16-22] prior to the ICCAT Commission 21st Special meeting (scheduled to be held from 12-19 November 2018 in Croatia). The response should indicate all the progress and plans made by Brazil to address each of the issues raised in this letter. Brazil's response will be reviewed by the Compliance Committee at its 2018 meeting to determine if Brazil has taken sufficient and appropriate steps to address these issues.

Please note that all the ICCAT Recommendations and Resolutions, as well as the information related to the reporting requirements, and the deadlines and formats for data submission can be downloaded from the ICCAT web site or are available on request from the ICCAT Secretariat. ICCAT Recommendations and Resolutions are available here.

The list of SCRS reporting requirements are available here and the list of Commission reporting requirements are available here.

If Brazil has any questions about the issues raised in this letter or about ICCAT requirements, please do not hesitate to contact the Secretariat at info@iccat.int

In thanking you for your attention to these important matters, let me express to you the assurances of my highest consideration.
