SUBJECT: LETTER ON COMPLIANCE ISSUES

Dear Mr. Seif Junior,

On behalf of the International Commission for the Conservation of Atlantic Tunas (ICCAT), I am writing to inform you that, at its 21st Special meeting (12-19 November 2018, Dubrovnik, Croatia), the Commission noted certain reporting and implementation deficiencies for Brazil regarding ICCAT requirements, which are listed below and are attached in the response template.

Specifically, based on Compliance Committee (COC) review of the Secretariat Report on Statistics and Coordination of Research, the 2018 Secretariat's Report to the Compliance Committee, and other available information, the Committee noted the following:

- Rec. 16-14: No national scientific observer programme data (ST09) were received.
- Rec. 13-13/14-10: Vessels reported for inclusion on the ICCAT Record more than 45 days retroactively.

While noting positively information provided by Brazil on steps being taken to address these issues, as well as noting improvements this year in its catch data submission and appreciation of information on steps being taken to ensure continued timely submission of data, the Committee notes that the lack of full implementation of ICCAT requirements can undermine the work of the Commission in fulfilling the Convention's objectives. And late or incomplete reporting causes difficulties for the Secretariat in preparing documents for the Commission and reduces the effectiveness and efficiency of the COC and other ICCAT bodies. The lists of reporting requirements, the relevant reporting forms (such as ST09 or the Guidelines for Annual Reports), and ICCAT Recommendations and Resolutions are published annually on the ICCAT web site at:

https://www.iccat.int/en/SubmitCOMP.html
https://www.iccat.int/en/submitSTAT.html
https://www.iccat.int/en/RecRes.asp

The Commission would like to remind you that Brazil can request assistance in data collection and reporting from the Food and Agriculture Organization of the United Nations (FAO), from other ICCAT CPCs and from the ICCAT Secretariat, including a request for financial assistance from the Data Funds established by the *Resolution by ICCAT on Improvements in Data Collection and Quality Assurance* [Res. 03-21], and from other available funds.

The Commission requests Brazil to reply to this letter no later than **18 October 2019** and to include the attached template (preferably submitted as an MS Word document) to indicate the actions taken by Brazil to rectify the deficiencies indicated.

If you have any questions about the issues raised in this letter, including a request for a more detailed explanation of the issues, please do not hesitate to contact me and the Secretariat at info@iccat.int.

I would also like to express my regret that due to serious health issues, I was unable to send this letter sooner. However, my recovery is going well and I remain fully committed, and am now fully available, to help ensure that the COC continues to build on its recent progress at this year's annual meeting.

In thanking you for your attention to these important matters, let me express to you the assurances of my highest consideration.

Derek Campbell
Compliance Committee Chair
