SUBJECT: LETTER ON COMPLIANCE ISSUES

Dear Mr. Willoughby,

On behalf of the International Commission for the Conservation of Atlantic Tunas (ICCAT), I am writing to inform you that, at its 21st Special meeting (12-19 November 2018, Dubrovnik, Croatia), the Commission noted certain reporting and implementation deficiencies for Barbados regarding ICCAT requirements, which are listed below and attached in the response template.

Specifically, based on Compliance Committee (COC) review of the Secretariat Report on Statistics and Coordination of Research, the 2018 Secretariat's Report to the Compliance Committee, and other available information, the Committee noted the following:

- Rec. 16-14: No national scientific observer programme data (ST09) were received,
- Rec. 16-01: Quarterly BET catches were submitted late,
- Rec. 12-07: Not clear from the report if foreign vessel access to Barbados' ports is prohibited generally,
- Rec. 02-21/22: No validation seals/ signatures for SDs submitted,
- Rec. 10-09: No information on sea turtle mitigation measures provided,
- Rec. 15-05 and 16-11: Response incomplete,
- Rec. 17-08: No report of N-SMA catches for first semester of 2018,
- Rec. 16-13: No legally binding domestic measures adopted to implement some species-specific shark requirements.

Lack of full implementation of ICCAT requirements can undermine the work of the Commission in fulfilling the Convention's objectives. And late or incomplete reporting causes difficulties for the Secretariat in preparing documents for the Commission and reduces the effectiveness and efficiency of the COC and other ICCAT bodies. The lists of reporting requirements, the relevant reporting forms (such as ST09 and the Guidelines for the Annual Reports), and ICCAT Recommendations and Resolutions are published annually on the ICCAT web site at:

https://www.iccat.int/en/SubmitCOMP.html
https://www.iccat.int/en/submitSTAT.html
https://www.iccat.int/en/RecRes.asp

The Commission would like to remind you that Barbados can request assistance in data collection and reporting from the Food and Agriculture Organization of the United Nations (FAO), from other ICCAT CPCs and from the ICCAT Secretariat, including a request for financial assistance from the Data Funds established by the *Resolution by ICCAT on Improvements in Data Collection and Quality Assurance* [Res. 03-21], and from other available funds.

The Commission requests Barbados to reply to this letter no later than **18 October 2019** and to include the attached template (preferably submitted as an MS Word document) to indicate the actions taken by Barbados to rectify the deficiencies indicated.

If you have any questions about the issues raised in this letter, including a request for a more detailed explanation of the issues, please do not hesitate to contact me and the Secretariat at info@iccat.int.

I would also like to express my regret that due to serious health issues, I was unable to send this letter sooner. However, my recovery is going well and I remain fully committed, and am now fully available, to help ensure that the COC continues to build on its recent progress at this year's annual meeting.

In thanking you for your attention to these important matters, let me express to you the assurances of my highest consideration.
