## ICCAT CIRCULAR # 806 / 07

### SUBJECT: TAG INVENTORY

I have the honor to transmit to you the attached updated Tag Inventory available from the Secretariat.

The Inventory lists all tags (of all known manufactured tags likely to be released in the Convention area), by serial number, the countries to which the tags had originally been sent, and the location of the releasing agency (Table 1). Please check the Inventory to verify that all tags you have for future tagging, or those already released, are included. **If the lists contain any errors or omissions, please inform the Secretariat.**

If you have forwarded any tags listed in the Inventory to another organization or country, or plan to do so in the future, please notify the Secretariat of the transaction. Furthermore, if you have any additional tags (ICCAT or non-ICCAT) which are not included in the Inventory, please notify the Secretariat.

Please note that the Inventory contains not only tags distributed by ICCAT which carry the ICCAT legend, but also non-ICCAT tags which carry a legend of individual laboratories or agencies.

A separate inventory of archival tags released is also enclosed (Table 2).

Please accept the assurances of my highest consideration.

*Executive Secretary*
