The working language for the meeting will be English, as no simultaneous translation can be provided. Scientific documents can be written in English, Spanish or French.

4. Call for scientific papers and presentations

Participants are encouraged to submit relevant scientific papers. In order to better organize the meetings, in 2014 the SCRS established deadlines for submitting documents, which were revised in 2015. These deadlines provide the rapporteurs with valuable information to better fit the meeting timetable as well as allow the Secretariat to make the documents available to participants in advance of the meeting. In 2015 and 2019 the SCRS “proposed that a new deadline for the submission of SCRS documents and presentations should be implemented; these documents/presentations should be provided in their entirety at least one week before the meeting in which they are to be presented to facilitate their review by participating scientists prior to these meetings”. As such the full documents and presentations for this meeting should be provided to info@iccat.int or ai.kimoto@iccat.int by **28 April 2021**. Documents and presentations provided after the latter deadline will not be accepted unless previously authorized by the Chair. Authors are reminded to closely follow the *Guidelines for Authors of Scientific Documents for the ICCAT SCRS and Collective Volume Series*. Furthermore, the original documents (text, tables and figures) should be prepared in WORD or compatible software.

5. Registration

Participants are kindly requested to register for the meeting by **28 April 2021** at the latest. Early registration is essential for the Secretariat to ensure the setting up of the online platform. **Online registration** must be completed through the ICCAT [current meetings page](#) or [Registration form](#). All delegates from CPCs wishing to attend the meeting must notify in advance their Head Delegate or Head Scientist to ensure that they are included in the official list that must be sent to the Secretariat by **25 April 2021**. Any late submission of the official delegation may cause delay on providing access to participants to the meeting and to the related documents.

6. Online settings

The Secretariat is using the Zoom application for the online meetings. You can find the hardware requirements to joint an online meeting at the following link: [Zoom Hardware requirements](#). We strongly suggest using headphones with a microphone to be able to hear and speak comfortably during the meeting.
