SUBJECT: MEETING OF THE WORKING GROUP ON STOCK ASSESSMENT METHODS (WGSAM)
(Madrid, Spain/Hybrid, 15-18 May 2023)

Following the adoption by the Commission of the SCRS meetings scheduled for 2023, I should like to inform you that the 2023 Meeting of the Working Group on Stock Assessment Methods (WGSAM) is scheduled for 15-18 May 2023, in a hybrid format. The in-person meeting will be held at the Secretariat in Madrid (Spain). I am pleased to provide you the Tentative agenda of the meeting (attached herewith) and other relevant information about the organization. I would appreciate it very much if you could distribute this announcement to scientists who may contribute by participating in the meeting. This announcement will also be published shortly on the ICCAT [current meetings webpage](#).

In order to organize the hybrid meeting in advance of the session, in particular, regarding the number of in-person participants, you are kindly requested to send to the Secretariat a list of delegates who will participate in the meeting by **5 May 2023**. Any late submission of the official delegation may cause a delay in providing access to participants to the meeting and the related documents. All participants (online and in-person) must also register for the meeting by **5 May 2023** using the online registration form which will be available shortly on the [current meetings page](#) of our website.

Funding is available to cover travel and subsistence expenses for a limited number of national scientists from developing States that are Contracting Parties and that can provide information relevant to the meeting objectives. According to the [Rules of Procedure for the Administration of the Special Meeting Participation Fund](#) adopted at the 2020 Commission meeting, requests should be sent to ICCAT-Travel@iccat.int at least **75 days (1 March 2023)** in advance of the start of the meeting. Requests for financial assistance cannot be accepted after that date. All the information related to the [ICCAT Special funds for participation in ICCAT meetings and capacity building](#) is available on the ICCAT website. It is highly recommended to visit this webpage in advance and to strictly follow the protocols. In particular, it is necessary to fully complete the invitation form including **explanations of the expected contribution to the meeting** and how it relates to the meeting objectives.

Please accept the assurances of my highest consideration.
