Following the adoption by the Commission of the SCRS meetings scheduled for 2025, I would like to inform you that the Atlantic White Marlin Stock Assessment meeting has been scheduled from 23 to 27 June 2025. The in-person meeting will have a hybrid format and will be held at the ICCAT Secretariat. I am pleased to provide the tentative agenda of the meeting (attached herein) and other relevant information about the organization. I would appreciate it very much if you could distribute this announcement to scientists who may contribute by participating in the meeting. This announcement will shortly be published on the current meetings page of our [website](#).

In order to organize the hybrid meeting in advance of the session, in particular, regarding the number of in-person participants, you are kindly requested to send to the ICCAT Secretariat a list of delegates who will participate in the meeting by **13 June 2025**, at the latest. Any late submission of the official delegation may cause a delay in providing access to participants to the meeting and the related documents. All participants (online and in-person) must also register for the meeting by **13 June 2025** using the online registration form which will be available shortly on the meetings page of our [website](#).

Funding is available to cover travel and subsistence expenses for a limited number of national scientists from developing States that are Contracting Parties and that can provide information relevant to the meeting objectives. According to the [Rules of Procedure for the Administration of the Special Meeting Participation Fund](#) adopted at the 2023 Commission meeting, requests should be sent to [ICCAT-Travel@iccat.int](mailto:ICCAT-Travel@iccat.int) at least **45 days** in advance (**9 May 2025**) of the start of the meeting. Requests for financial assistance cannot be accepted after that date. All the information related to the [Special funds for participation in ICCAT meetings and capacity building](#) is available on the ICCAT website. It is highly recommended to visit this web page in advance and to strictly follow the protocols. In particular, it is necessary to fully complete the invitation form including **explanations of the expected contribution to the meeting** and how it relates to the meeting objectives.

Please receive the assurances of my highest consideration.
