Following the adoption by the Commission of the schedule of ICCAT meetings for 2026, I would like to inform you that the Interseasonal Meeting of the Tropical Tunas Species Group (including MSE) is scheduled to be held in **Madrid, Spain on 20-22 April 2026**. I am pleased to provide herewith the Tentative agenda of the meeting as well as additional information for participants.

I would appreciate very much if you could distribute this announcement to scientists who may contribute by participating in the meeting. This announcement will shortly be published on the [meetings page](#) of our website.

The meeting format will be in person and online (hybrid) using the ZOOM platform. Meeting times will be from 9:00 to 18:00 (Madrid time, CET). In order to organize the meeting and issue the online participant links, you are kindly requested to send to the ICCAT Secretariat a list of delegates who will participate in the meeting by **6 April 2026**. Any late submission of the official delegation may cause a delay in providing access to participants to the meeting and to the [ICCAT NextCloud folder](#) where the meeting documents and presentations will be made available. All participants must also register for the meeting by **6 April 2026**, using the [online registration form](#) which will soon be available on our [meetings webpage](#).

Funding is available to cover travel and subsistence expenses for a limited number of national scientists from developing States that are Contracting Parties. According to the [Rules of Procedure for the Administration of the Special Meeting Participation Fund](#) adopted at the 2023 Commission meeting, requests should be sent to ICCAT-Travel@iccat.int at least **45 days** in advance of the start of the meeting (**6 March 2026**). Requests for financial assistance cannot be accepted after that date. All the information related to the [ICCAT special funds for participation in ICCAT meetings and capacity building](#) is available on the ICCAT website. It is highly recommended to visit this webpage in advance and to strictly follow the protocols. In particular, it is necessary to fully complete the invitation form including **explanations of the expected contribution to the meeting** and how it relates to the meeting objectives.
