NOTING that the objective of ICCAT is to maintain the populations of tuna and tuna-like species in the Atlantic at levels which will permit harvesting at maximum sustainable yield;

CONSIDERING the need for action to ensure the effectiveness of the ICCAT objectives;

CONSIDERING the obligation of all Contracting Parties and Cooperating non-Contracting Parties, Entities or Fishing Entities (hereinafter referred to as CPCs) to respect the ICCAT conservation and management measures;

AWARE of the necessity for sustained efforts by CPCs to ensure the enforcement of ICCAT’s conservation and management measures, and the need to encourage non-Contracting Parties, Entities or Fishing Entities (hereinafter referred to as NCPs) to abide by these measures;

NOTING that trade restrictive measures should be implemented only as a last resort, where other measures have proven unsuccessful to prevent, deter and eliminate any act or omission that diminishes the effectiveness of ICCAT conservation and management measures;

ALSO NOTING that trade restrictive measures should be adopted and implemented in accordance with international law, including principles, rights and obligations established in World Trade Organization (WTO) Agreements, and be implemented in a fair, transparent and non-discriminatory manner.

THE INTERNATIONAL COMMISSION FOR THE CONSERVATION OF ATLANTIC TUNAS (ICCAT) RECOMMENDS THAT:

1. CPCs that import tuna and tuna-like fish and/or fish products or in whose ports those products are landed, shall identify such products, collect and examine the relevant import, landing or associated data on such products, in order to submit the relevant information in a timely manner to the ICCAT Secretariat for distribution to the other CPCs to collect any additional element in order that the Commission can identify each year:

   a) vessels that caught and produced such tuna or tuna-like species products,
   i) name
   ii) flag
   iii) name and address of owners
   iv) registration number

   b) farming facilities
   i) name
   ii) location
   iii) name and address of owners
   iv) registration number

   c) species (of tuna and tuna-like species) of the products,

   d) areas of catch (Atlantic Ocean, Mediterranean Sea, or other area),

   e) product weight by product type,

   f) points of export,

2. a) The Commission, through the Conservation and Management Measures Compliance Committee (hereinafter Compliance Committee) or the Permanent Working Group for the Improvement of ICCAT Statistics and Conservation Measures (hereinafter PWG), shall identify each year:

   i) The CPCs that have failed to discharge their obligations under the ICCAT Convention in respect of ICCAT conservation and management measures, in particular, by not taking measures or exercising
effective control to ensure compliance with ICCAT conservation and management measures by the
vessels flying their flag, or farming facilities subject to their jurisdiction; and/or

ii) The NCPs that have failed to discharge their obligations under international law to co-operate with
ICCAT in the conservation and management of tuna and tuna-like species, in particular, by not
taking measures or exercising effective control to ensure that their vessels or their farming facilities
do not engage in any activity that undermines the effectiveness of ICCAT conservation and
management measures.

b) These identifications should be based on a review of all information provided in accordance with
paragraph 1 or, as appropriate, any other relevant information, such as: the catch data compiled by the
Commission; trade information on these species obtained from national statistics; the ICCAT Bluefin
Tuna Catch Documentation Programme, the ICCAT Bigeye Tuna and Swordfish Statistical Document
Programmes; the list of the IUU vessels adopted by ICCAT, as well as any other relevant information.

c) In deciding whether to make identification, the Compliance Committee or the PWG should consider all
relevant matters including the history, and the nature, circumstances, extent, and gravity of the act or
omission that may have diminished the effectiveness of ICCAT conservation and management
measures.

3. The Commission should request CPCs and NCPs concerned to rectify the act or omission identified under
paragraph 2 so as not to diminish the effectiveness of the ICCAT conservation and management measures.

The Commission should notify identified CPCs and NCPs of the following:

a) the reason(s) for the identification with all available supporting evidence;

b) the opportunity to respond to the Commission in writing at least 30 days prior to the annual meeting of
the Commission with regard to the identification decision and other relevant information, for example,
evidence refuting the identification or, where appropriate, a plan of action for improvement and the
steps they have taken to rectify the situation; and

c) in the case of a NCP, an invitation to participate as an observer at the annual meeting where the issue
will be considered.

4. CPCs are encouraged jointly and individually to request the CPC/NCPs concerned to rectify the act or
omission identified under paragraph 2 so as not to diminish the effectiveness of the ICCAT conservation and
management measures.

5. The Executive Secretary should, by more than one means of communication, within 10 working days
following the approval of the report of the Compliance Committee or the PWG, transmit the Commission's
request to the identified CPC or NCP. The Executive Secretary should seek to obtain confirmation from the
CPC or the NCP that it received the notification.

6. The Compliance Committee or the PWG should evaluate the response of the CPCs or NCPs, together with
any new information, and propose to the Commission to decide upon one of the following actions:

a) the revocation of the identification;

b) the continuation of the identification status of the CPC or NCP; or

c) the adoption of non-discriminatory trade restrictive measures.

Absence of response from the CPCs/NCPs concerned within the time limit shall not prevent action from the
Commission.

In the case of CPCs, actions such as the reduction of existing quotas or catch limits should be implemented
to the extent possible before consideration is given to the application of trade restrictive measures. Trade
measures should be considered only where such actions either have proven unsuccessful or would not be
effective.
7. If the Commission decides upon the action described in paragraph 6 c), it should recommend to the Contracting Parties pursuant to Article VIII of the Convention to take non-discriminatory trade restrictive measures, consistent with their international obligations. The Commission shall notify the CPCs and NCPs concerned of the decision and the underlying reasons in accordance with the procedures specified in paragraph 5.

8. CPCs shall notify the Commission of any measures that they have taken for the implementation of the non-discriminatory trade restrictive measures adopted in accordance with paragraph 7.

9. In order for the Commission to recommend the lifting of trade restrictive measures, the Compliance Committee or the PWG shall review each year all trade restrictive measures adopted in accordance with paragraph 7. Should this review show that the situation has been rectified, the Compliance Committee or PWG shall recommend to the Commission the lifting of the non-discriminatory trade restrictive measures.

Such decisions should also take into consideration whether the CPCs and/or NCPs concerned have taken concrete measures capable of achieving lasting improvement of the situation.

10. Where exceptional circumstances so warrant or where available information clearly shows that, despite the lifting of trade-restrictive measures, the CPC or NCP concerned continues to diminish the effectiveness of ICCAT conservation and management measures, the Commission may immediately decide on action including, as appropriate, the imposition of trade-restrictive measures in accordance with paragraph 7.

Before making such a decision, the Commission shall request the CPC or NCP concerned to discontinue its wrongful conduct and shall provide the CPC or NCP with a reasonable opportunity to respond.

11. The Commission shall establish annually a list of CPCs and NCPs that have been subject to a trade-restrictive measure pursuant to paragraph 7 and, with respect to NCPs, are considered as non-Cooperating non-Contracting Parties to ICCAT.

12. The Resolution by ICCAT Concerning Trade Measures [Res. 03-15] is repealed and replaced by the present Recommendation. For the purposes of this paragraph, CPCs and NCPs that are under sanction pursuant to Resolution 03-15 are deemed to be sanctioned under the present Recommendation, provided that this will not result in any greater level of sanction than that already imposed.
