**DRAFT RECOMMENDATION BY ICCAT ON IMPROVEMENT OF
COMPLIANCE REVIEW OF CONSERVATION AND MANAGEMENT MEASURES
REGARDING BILLFISH CAUGHT IN THE ICCAT CONVENTION AREA**

Submitted by Compliance Chair

RECALLING that pursuant to *Recommendation by ICCAT to Further Strengthen the Plan to Rebuild Blue Marlin and White Marlin Populations* [Rec. 15-05] and *Recommendation by ICCAT on Management Measures for the Conservation of Atlantic Sailfish* [Rec. 16-11], CPCs are required to report through their Annual Reports on their implementation of the requirements of these measures;

FURTHER RECALLING that the Report of the Second Independent Performance Review recommended that the Commission prioritize the issue of poor reporting on the blue and white marlin stocks, and that the Compliance Committee at its 2017 meeting recommended that in order to improve compliance in the billfish fisheries, a reporting check sheet be developed for consideration for adoption at the 2018 Annual meeting;

RECOGNIZING the need to improve the means to facilitate the review process of implementation of and compliance with billfish conservation and management measures, while reducing the reporting burden on CPCs;

DESIRING to streamline ICCAT reporting requirements, including by eliminating redundancies.

**THE INTERNATIONAL COMMISSION FOR THE CONSERVATION
OF ATLANTIC TUNAS (ICCAT) RECOMMENDS THAT:**

1. All CPCs shall submit to the ICCAT Secretariat, with their Annual Reports, details of their implementation of and compliance with billfish conservation and management measures using the check sheet in **Annex 1**, as may be revised by the ICCAT Secretariat in consultation with the COC and PA4 Chairs to reflect new billfish measures adopted by the Commission.
2. If there are no changes from the previous year in a CPC's implementation of ICCAT billfish measures covered by the check sheet in **Annex 1** and no additional reporting fields have been included to reflect new billfish measures, the CPC shall not be required to submit a billfish check sheet, provided that it confirms in its Annual Report that there are no changes. If there are changes from the previous year in a CPC's implementation, or additional reporting fields have been included in the billfish check sheet to reflect new billfish measures, the CPC shall only be required to submit such updates or responses to new reporting fields with their Annual Reports. However, CPCs shall submit updated billfish check sheets in full in the years when the Compliance Committee is scheduled to prioritize review of the billfish check sheets in accordance with paragraph 4.
3. CPCs may be exempt from the submission of the check sheet when vessels flying their flag are not likely to catch any billfish species covered by the Recommendations covered by the check sheet, on the condition that the concerned CPCs obtained a confirmation by the Billfish Species Group through necessary data submitted by CPCs for this purpose.
4. The Compliance Committee meeting shall prioritize review of CPC billfish check sheets at its 2020 Annual meeting. Future review will occur on an ICCAT meeting cycle as determined by the Committee, without prejudice to the competency of the Committee to consider billfish measure implementation issues at annual meetings during other years as appropriate.
