

DRAFT RECOMMENDATION BY ICCAT ON ABANDONED, LOST OR OTHERWISE DISCARDED FISHING GEAR

Proposal presented by Norway

RECALLING that the United Nations Sustainable Development Goal 14 target 1 calls for States to prevent and significantly reduce marine pollution of all kinds;

TAKING INTO ACCOUNT that abandoned, lost or otherwise discarded fishing gear (ALDFG) constitute a significant part of marine pollution;

RECOGNIZING that ghost fishing conducted by ALDFG constitutes an unmanaged and unsustainable exploitation of marine resources that leads to undesirable mortality of marine life;

AWARE that retrieving ALDFG will contribute to reducing marine pollution;

CONVINCED that the fishing industry can contribute significantly to reducing the amount of ALDFG;

NOTING Recommendation 03-12 which requires CPCs to mark their fishing gears;

FURTHER NOTING that the Food and Agricultural Organization of the United Nations' Committee on Fisheries endorsed Voluntary Guidelines on the Marking of Fishing Gear at its thirty-third session and further work to address ALDFG including the development of a comprehensive global strategy to tackle issues relating to ALDFG;

ALSO AWARE of the need for an obligation for fishermen not only to mark the fishing gear, but also to report it when abandoned, lost or otherwise discarded, as well as to try to retrieve the gear where possible;

ACKNOWLEDGING that retrieving ALDFG without knowing the position of the gear will be challenging;

ALSO ACKNOWLEDGING that to prevent ghost fishing, efforts should be undertaken to retrieve ALDFG;

THE INTERNATIONAL COMMISSION FOR THE CONSERVATION OF
