

## EXPLANATORY NOTE ON THE ICCAT BUDGET FOR FINANCIAL YEARS 2020 AND 2021

In accordance with the provisions contained in Article X.1 of the ICCAT Convention and in Article 2 of the Financial Regulations, the Secretariat must submit the draft budget for the next two financial years i.e. 2020 and 2021 to the Commission for its consideration and adoption.

The purpose of this note is to outline the proposed draft budget for 2020 and 2021, how it is structured, the line items of the different items as well as the impact on the contributions of ICCAT members.

In preparing the budget for the next two years, the comments have been taken into account of the ICCAT performance review panel, the Commission's decision to include in the regular ICCAT budget the activities that were being financed through the Working Capital Fund so as to reduce extra-budgetary expenses, as well as the auditors' comments regarding the status of the Working Capital Fund, following its significant decrease in level.

In light of the risk of a precarious financial situation, it is proposed that the Contracting Parties make an effort to increase their budgetary contributions.

The following tables have been attached for review:

- **Table 1 – The Commission's 2020-2021 draft budget** - which provides a detailed breakdown of estimated increases by chapter.
- **Table 2 – Basic information for calculation of the Contracting Parties' contributions in 2020-2021.**

### 1 Budgetary expenses proposal

The proposal prepared by the Secretariat for financial year 2020 contains an increase of 5.34% with respect to 2019, as well as a 5.00% increase for 2021 with respect to 2020, as shown in **Table 1**.

The chapters and subchapters with changes are detailed below:

- **Chapter 1 – Salaries:** In the draft budget submitted, this chapter contains a small increase with respect to 2019, following the downward adjustment of the budget to account for actual costs projected for 2020 and 2021 and the inclusion of an amount of €10,000.00 destined for Secretariat staff training. The Secretariat intends to undertake action to enhance the skills and abilities of its staff to improve participation and efficiency.
- **Chapter 2 – Travel:** The Secretariat proposes to increase this chapter by 13.12% with respect to 2019 to cover the projected costs for travel by staff for 2020 and 2021.
- **Chapter 3 – Commission meetings (annual):** The Secretariat proposes to include in this chapter the costs for simultaneous interpretation into Arabic during the Commission meeting, which it is estimated will be covered by a chapter increase of 22.55% with respect to 2019. This chapter must be updated in the next biennial period in order to cover the actual cost of the ICCAT annual meeting.

- **Chapter 8 – Coordination of research:**
  - a) **Salaries:** In the draft budget submitted, this subchapter contains a small decrease of 2.73% with respect to 2019, following adjustment of the budget to account for the actual costs projected for 2020 and 2021 and the inclusion of an amount of €10,000.00 destined for Secretariat staff training.
  - b) **Travel to improve statistics:** A decrease of 13.27% with respect to 2019 is proposed, to adjust expenses to the forecast travel to be undertaken by the Secretariat for 2020 and 2021.
  - f) **Telephone line - Internet domain:** An increase of 24.43% is requested to adjust the budget to the actual cost.
- **Chapter 9 – Services requiring specialist external consulting:** The Secretariat has included in the budget a new chapter for approval destined to cover those services which may require specialist external consulting, such as legal consultancy, quality management projects, etc. In recent years, the Secretariat has been subject to excessive tasks, some of which would require legal consultancy, such as scientific contracts being implemented under the Strategic Research Programme and under the research and data collection programmes. With this chapter, the intention is to improve *inter alia* the legal aspects of contracts, preparation of procedures handbooks, etc. so that the Commission is better protected.
- **Chapter 11 – Strategic Research Programme:** This chapter groups together all the scientific activities aligned with the Science Strategic Plan to ensure the relevance, quality and efficient use of research funds to support management of tuna resources, and to assist in satisfying the growing demand for training and capacity-building activities within the framework of the SCRS, with the exceptions of the ICCAT Atlantic-wide Research Programme for Bluefin Tuna (GBYP) and the Atlantic Ocean Tropical Tuna Tagging Programme (AOTTP). The budget does not contain any increase for 2020 and 2021, however, in the next biennial period it will be necessary to do so to cover the demand for these activities.
- **Chapter 12 – Compliance:** This chapter contained a decrease of 88.00% with respect to 2019, to adjust the expenses associated with maintenance of the electronic Bluefin Tuna Catch Document (eBCD), which has an independent budget and is not included in the regular budget, following approval in 2018 of its new financing (Regulation 4 of the Financial Regulations).
- **Chapter 13 – Travel:** Following approval of this chapter in the previous biennial budget, which contained the expenses for travel by the ICCAT and SCRS Chairs (or Vice-Chairs) and financing by ICCAT of the special Meeting Participation Fund, the Secretariat proposes to include a new subchapter destined to finance the travel expenses of ICCAT officers of those ICCAT Contracting Parties which are developing States. The following increases are submitted for approval:
  - a. **Travel by ICCAT and SCRS Chairs:** An increase of 170.27% with respect to 2019 has been presented to adjust the budgeted amount to the actual cost.
  - b. **Special Meeting Participation Fund:** An increase of 177.78% with respect to 2019 has been presented to adjust the budgeted amount to the actual cost.
  - c. **Travel by ICCAT officers (developing ICCAT Contracting Parties):** A budget has been presented of €30,000.00 for 2020 and €30,900.00 for 2021 to cover the travel expenses of Commission officers and SCRS Rapporteurs and Coordinators on official missions from developing ICCAT CPCs.
- **Chapter 14 - Integrated Online Management System (IOMS)** The establishment of a chapter has been submitted for approval that is destined to cover the expenses of Phase 2 of the Integrated Online Management System (IOMS). Phase 1 of the IOMS has been covered through extra-budgetary contributions, and it is proposed to implement Phase 2 over the next two years. It is therefore requested that it be included in the regular budget with an allocation of €200,000.00 for 2020 and €206,000.00 for 2021. These amounts include the salary of a senior back-end software developer and a senior front-end software developer, in addition to the infrastructure

and support necessary for incorporation of new models into the system platform. All the technical specifications that are included in the development of the IOMS are described in section 6 of the Report of the Intersessional Meeting of the Online Reporting Technology Working Group, held in Madrid from 26-27 March 2018. It should be highlighted that development of this general platform will in the future afford significant savings in terms of funds.

If the draft budget were to be approved, in 2020, the Commission would only finance through its Working Capital Fund the Atlantic Ocean Tropical Tuna Tagging Programme (AOTTP), which is a programme scheduled to last 3 years, or any other purpose that is determined, and would ensure all the current activities of the Commission, even though this would significantly affect Contracting Party contributions.

## 2 Budgetary expenses proposal

The annual contributions to the budget for 2020 and 2021 are shown in **Tables 3** and **5**, respectively, in accordance with Regulation 4 – Provision of Funds of the Financial Regulations, and taking into account the expenses proposal contained in item 1.

The 2020-2021 draft budget has been estimated based on the most recent data available to the Secretariat. In relation to the financial possibilities of the member countries, the GNP per capita for 2017 has been used, published in the Handbook of Statistics 2018 of the UNCTAD. Regarding the data related to catches and canning the data used are those reported by the Contracting Parties in response to ICCAT Circular 1573-19, of 19 March 2019. For those parties that have not reported data, the Secretariat has used the most recent data.

The changes received from the Contracting Parties regarding panel membership have been incorporated, including the withdrawal of Mexico and Senegal from Panel 3, the incorporation of Namibia into Panel 2 and the withdrawal of Turkey from Panels 1 and 3.

In addition, the 2021 budget includes the withdrawal of Vanuatu from the ICCAT Convention which will become effective on 31 December 2020 and the incorporation of the Gambia as a new ICCAT Contracting Party.

Finally, it should be noted that Contracting Party contributions will be revised at the 2019 Commission meeting to incorporate other possible changes in panel membership, if any, and to update the United Nations exchange rate used for the calculation (the exchange rate of September 2019 has been used).
