

**REGULATIONS AND OTHER RELATED DOCUMENTS  
ADOPTED TO IMPLEMENT REC. 19-04 [18-02]**

*ICCAT Secretariat*

Paragraph 118 of the *Recommendation by ICCAT amending the Recommendation 18-02 establishing a multi-annual management plan for bluefin tuna in the eastern Atlantic and the Mediterranean* [Rec. 19-04] provides that “All CPCs shall submit at the request of the Secretariat regulations and other related documents adopted by them to implement this Recommendation. In order to have greater transparency in implementing this Recommendation, the Secretariat shall elaborate biennially a report on the implementation of this Recommendation.”

The table in **Appendix 1** attempts to show whether or not the Domestic legislation mentions the provisions contained in the various parts of the Recommendation 19-04; or of 18-02 in absence of laws having been adopted at the time of writing Rec. 19-04, and the provisions of both measures being very similar. Where a CPC has indicated that the ICCAT measures have been transposed to national legislation, it is presumed that all measures are covered. CPCs may consult the submissions made in **Annex 2** in order to draw their own conclusions. No attempt at qualitative analysis of the content has been made, as this would be beyond the remit of the Secretariat.

The General Provisions and Final Provisions of Rec. 19-04 do not have specific CPC requirements, and have therefore been marked as not applicable in all cases.

The following CPCs provided reports and/or documentation and the originals are included in **Annex 1**: Albania, Algeria, Egypt, European Union, Iceland, Japan, Korea, Morocco, Norway, Syria, Tunisia, Turkey and Chinese Taipei.
