

Original: English

The previous owners have no linkages with the vessel and will not be receiving fish from the vessel. The vessel has been converted in order to be used in the bait boat as well as tuna long line sector in Namibia.

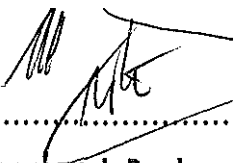

Namibia is extremely proud of this achievement and now have a 1003 Namibian Flag vessel. We intend to sell the fish locally and abroad and we humbly ask for your assistance in this matter.

Therefore, we kindly requested the removal of the Namibian Flag F/V Halifax from the IUU Vessels List.

Should you have any inquiries please don't hesitate to contact me.

Please accept herewith assurances of my highest esteem.

Yours sincerely,

.....
